CONTENT

Study on fermentation conditions for bioethanol production from cocoa pod hydrolysate

Huynh Xuan Phong, Pham Thieu Quan, Nguyen Ngoc Thanh and Ngo Thi Phuong Dung..... 1

Biological characteristics of poon trees *Calophyllum inophyllum* L. and its extracted oil used as starting material for biodiesel production

Le Thi Ngoc Ly, Nguyen Xuan Loc, Do Thi My Linh and Nguyen Huu Chiem..... 7

Potential of using activated sludge as feedstock for biodiesel production in Taiwan

Phuong Lan Tran-Nguyen, Meng-Jiy Wang, Jhy-Chern Liu and Yi-Hsu Ju..... 11

Modified controls for doubly fed induction generator under unbalanced voltage for torque stability controller

Nguyen Thanh Hai, Phan Quoc Dzung and Vo Viet Cuong..... 18

A revisit on dissipation and its relation to irreversible processes

Nguyen Chi Thuan, Nguyen Quang Long and Hoang Ngoc Ha 29

Fabrication and characterization of graphene/graphene oxide based poly (vinyl alcohol) nanocomposite membranes for pervaporation dehydration of ethanol

Nguyen Huu Hieu, To Lan Anh and Ngo Nguyen Phuong Duy..... 36

Prediction in off-design operation for the helical heat recovery exchanger

Nguyen Minh Phu, Hoang Trong Tran Huy, Le The Truyen and Trinh Tien Tho 46

Selective adsorption of H₂S in biogas using zeolite prepared by microwave-assisted method

Hoang Thi Thu Binh and Nguyen Quang Long..52

Microalgal culture with digestate from methane fermentation - light environment in the culture solution with different digestate concentrations and microalgal cell densities

Nguyen Khanh and Maeda Yasuaki 57

Conversion of water hyacinth *Eichhornia crassipes* into biofuel intermediate: combination subcritical water and zeolite based catalyst processes

Felycia Edi Soetaredjo, Yi-Hsu Ju and Suryadi Ismadji 64

An overview of the renewable energy potentials in the Mekong river Delta, Vietnam

Le Anh Tuan 70

Biodiesel production and use for agricultural production in the mekong delta: current status and potential

Nguyen Hong Tin, Bui Thi Buu Hue, Tran Le Kim Thuy, To Lan Phuong, Chau My Duyen, Ho Chi Think and Hua Nguyen Phuc 80

Vietnam's renewable energy - an overview of current status and legal normative documents

Nguyen Vo Chau Ngan and Nguyen Lan Huong 92

Pilot application on solar energy combined electricity grid to a rural water supply station in Can Tho city

Le Anh Tuan 106

About the Journal

1. Can Tho University Journal of Science, ISSN 1859-2333 is published according to the publication license No. 101/GP.BTTTT dated on April 10, 2015 of the Ministry of Information and Communications.
2. The Journal publishes original research articles, review articles, short communications and technical articles on all aspects of Natural Sciences, Technology and Environment; Agriculture, Fisheries and Biotechnology; Social Sciences and Humanities; and Education and Political Sciences, Economics and Law. Only article that has not been previously published elsewhere, nor is it before another journal for consideration.
3. Manuscripts should contain up to 5 keywords and an abstract of up to 250 words. Each manuscript should not exceed 16 pages (A4) for research and technical article, 30 pages for a review article and 8 pages for a short communication including figures, charts, diagrams and reference materials, typed in the Times New Roman font with size 11 and double spacing.
4. Manuscripts should be prepared according to the following order: Article title, Author(s), Affiliation(s), Abstract, Keywords, Introduction, Materials and Methods, Theory/Calculation (if any), Results, Discussion, Conclusions, Acknowledgements (if there is), References. Each manuscript must be clearly defined and numbered sections. Subsections should be numbered 1, then 1.1, 1.1.1, a, b; then 1.2; etc. The abstract is not included in section numbering.
5. Citations may be made directly or parenthetically. Reference list should be arranged first alphabetically and then further sorted chronologically if necessary. More than one reference from the same author(s) in the same year must be identified by the letters 'a', 'b', 'c', etc., placed after the year of publication. Please see the detailed instructions to authors at the Journal website: sj.ctu.edu.vn.
