Mai Thanh Men (199x) is a software engineer with extensive experience and management skills and works for a hi-tech telecommunication company. The company develops and sell solutions that enable service providers to efficiently deliver high quality voice and data services over broadband access networks while leveraging investment in their network infrastructure. As a senior software engineer he is responsible for the development of management software products produced by the company. Men has a B.Sc. in Computer Sciences from the Academic College of Tel-Aviv Jaffa (2020).
